REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Animating an object with movable parts in accordance with music by synchronizing the animated object with music was known in the art, specifically disclosed by Wayne Lytle, the founder of ANIMUSIC in 1982, in which the musical instrument motions are synchronized with the notes of MIDI files. However, in ANIMUSIC of Lytle, the use of "a graphical user interface for selecting, from among a plurality of types of music control event data that are displayed, a particular type of control data for each of the movable parts of an animated object, and displaying a relationship between the movable parts of the animated objects and their corresponding assigned control event data" was not disclosed by the prior art of record, and would not have been obvious to a person of ordinary skill at the time of the invention in view of the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cong-Lac Huynh whose telephone number is (571) 272-4125.
